

A NORWOOD DENTAL STORYBOOK

Pia Goes to the Dentist

NORWOOD DENTAL

Hi! My name is Pia. Today my sister Paulyn is taking me to the dentist.

I read a fun book in the waiting room
while my sister fills out paperwork.

Now it's my turn to sit in the big dental chair!

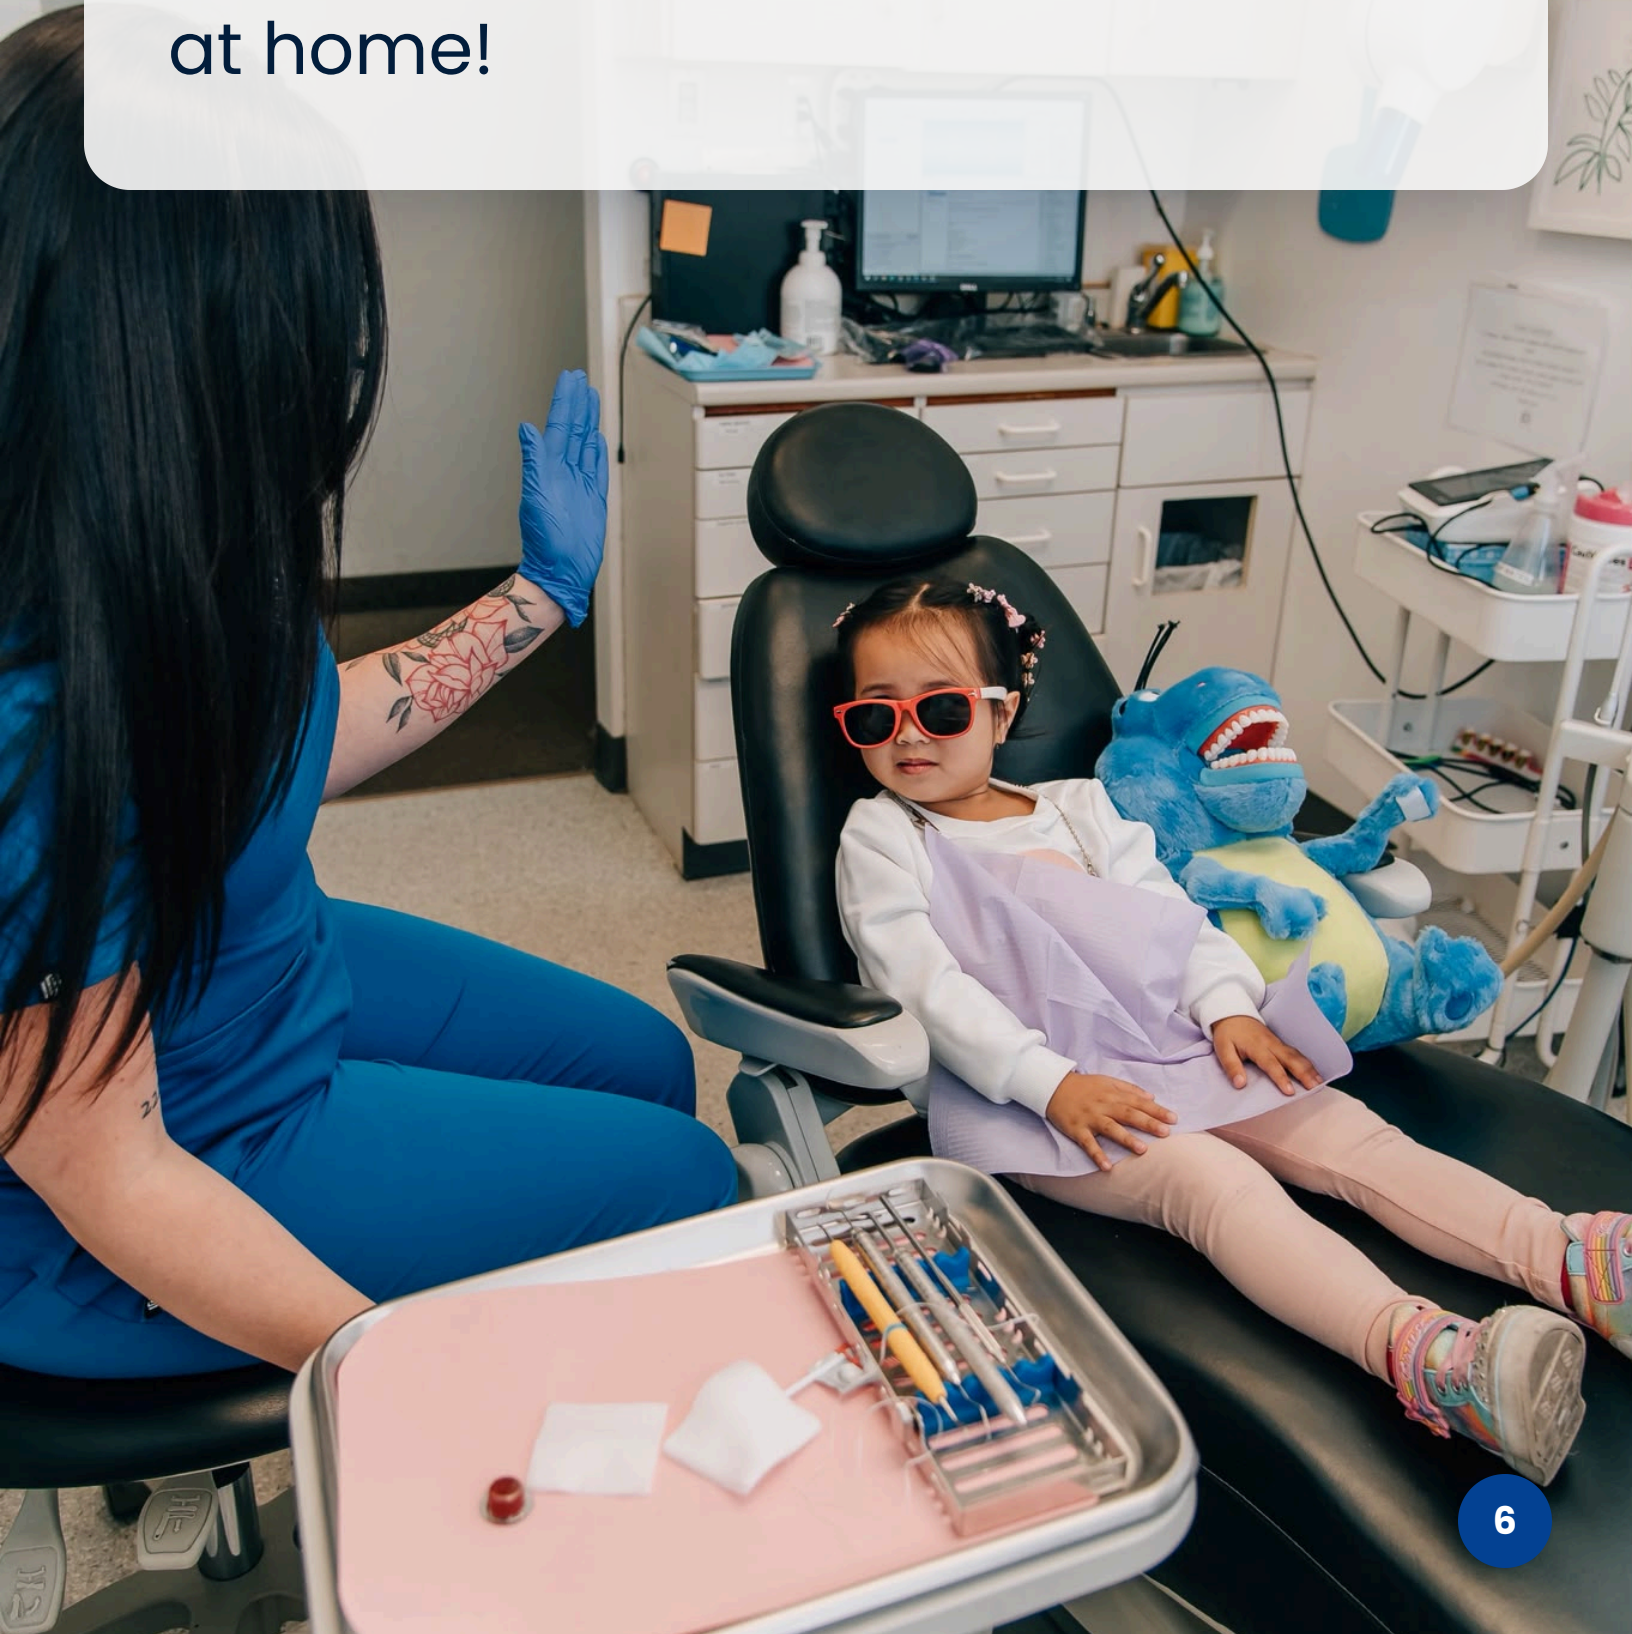

I get to wear cool glasses for my appointment and watch Thomas the Train on the TV.

A helper named Sarah lets me brush the teeth of her cute stuffed dinosaur. Dino will sit with me for my appointment today!

Sarah gets a fancy kit out to clean my teeth. I'm a little worried; her kit is a lot bigger than my toothbrush at home!

Sarah brushes my teeth with bubblegum flavoured toothpaste. Her special toothbrush spins around in my mouth.

Next, Dr. Chin comes in the room to look at and count my teeth. He gives me a high five before getting started.

Dr. Chin counts my teeth and gives my sister some ideas on how to help take care of my smile at home.

I did it! My teeth are clean and shiny,
and Dr. Chin says I have no cavities.
I'm so proud of myself.

Next, helper Sarah takes me to the Toy Room to choose a prize to take home. There are so many options. I love this part!

I choose a play food kit to take home. My stuffies are probably hungry and now I can feed them.

Finally it's home time. I love visiting the dentist!
