

A NORWOOD DENTAL STORYBOOK

Timothy Goes to the Dentist

NORWOOD DENTAL

Hi! My name is Timothy. Today, my mom is taking me to the dentist.

First, we sit in the waiting room while my mom does some paperwork. I get a free colouring book to play with!

Now it's time for my appointment. A friendly helper named John takes me to the dental chair.

I'm a little bit nervous to get started once I sit in the chair. I'm glad John seems friendly.

John explains to me what will happen during my appointment. I'm glad my mom will be sitting beside me.

John puts a bib around my neck.
That's funny! I haven't worn a bib since
I was a baby.

John makes the chair lean back and asks me to open my mouth.

He uses a fancy spinning toothbrush to clean my teeth. I chose a bubblegum flavour for my toothpaste!

John lets me take breaks when I need them. Getting my teeth cleaned is easy!

Now another helper named Sarah comes to put a much heavier bib on me. I'll need this special bib to take photos of my teeth called x-rays.

This bib is heavy and covers up much more of my body.

Now John is putting a circle in my mouth that I need to bite down on. It's not very comfortable and I don't like this part.

I have to hold very still to get photos taken of my teeth.

When the pictures are done, Dr. Chin,
the dentist comes to look at my teeth.

He counts my teeth and gives John information to put on my tooth chart. Today I have no cavities!

My appointment is done and John takes me to the toy room to select a prize to take home. I think this is my favourite part.

Look! I chose a new stuffie dragon to take home. I love it!

My dental appointment is done and now my mom will take me home. Thanks for visiting the dentist with me today!

The End

Ready for your own visit? We can't wait to meet you.
